

FUSION  
TRANSPORT

## SERVICES WE OFFER:

### RETAIL CONSOLIDATION

#### **ONLY SPONSORED THIRD-PARTY CONSOLIDATOR FOR BOTH WALMART & TARGET, SERVING ALL MAJOR U.S. RETAILERS**

For those seeking LTL consolidation services, we offer a Vendor Pool Consolidation Program that includes: electronic order management, shipment planning and control, dedicated delivery schedules, and advanced technology tools for real-time reporting and metrics. Optimize your service and delivery, avoid chargebacks, and reduce your cost of transporting LTL shipments.

### BROKERAGE

Dedicating to helping our clients achieve their goals and coordinate all their logistic needs. At Fusion, our brokers are committed to saving shippers time and finding them the best prices.

### ASSETS

As an asset based 3PL provider we use a combination of both owned and contracted assets with access to over 200,000 trucks (LTL & Truckload Carriers) nationwide and will provide your transportation and distribution supply chain needs.

### WAREHOUSING

#### **INNOVATIVE WAREHOUSING SOLUTIONS TAILORED TO MEET YOUR INDUSTRY-SPECIFIC REQUIREMENTS**

Fusion Transport operates warehouse facilities in New Jersey, Illinois, Texas, and California. Our transportation and warehousing specialists will provide you with solutions that minimize storage and transportation charges, tailored to your industry requirements.

Fusion provides all types of warehouse and distribution solutions from local warehousing to global distribution services, including real-time visibility of inventory, orders, and shipments using industry leading warehouse management system technology.
