

# RETAIL CONSOLIDATION ADVANTAGES

In Sponsored Partnership with Walmart and Target

For those seeking LTL consolidation services, we offer a Vendor Pool Consolidation Program that includes: electronic order management, shipment planning and control, dedicated delivery schedules, and advanced technology tools for real-time reporting and metrics. Optimize your service and delivery, avoid chargebacks, and reduce your cost of transporting LTL shipments to all 42 dry Walmart Distribution Centers.

## RETAIL CONSOLIDATION ADVANTAGES:

-  Industry leading on-time performance
-  Set sailing schedule with pre-appointments set by mega retailers
-  Live unloading and load proof technology (Pictures of your freight)
-  EDI Capable
-  Cross docking, warehousing or custom hybrid options available
-  Customized replenishment schedule
-  Cost analysis transparency
-  Dedicated Customer Service Team
-  You are in full control of your inventory and freight costs

## HOW IT WORKS:

Multiple LTL orders from single Vendor sent short distance in truckload quantity to centralized consolidation facility. (Truckload In)

Single LTL order from multiple Vendors sent longer distances in truckload quantity to retail distribution centers. (Truckload Out)
